

Restaurant Managers are not Bank Tellers.

Employees Deserve Safety.

The days of having to count out cash, distribute envelopes of cash to staff, submit cash tips reports and having employees leaving at night with pockets full of cash tips are gone. With Kickfin®, everything is handled and disbursed digitally with employees receiving tip payouts directly to their own bank account 24/7/365. Kickfin® saves restaurants \$1,000 a month by automating tip payouts.

The Benefits

Dining Alliance
— PURCHASE WITH POWER —

OFFICIAL PARTNER

MANAGER

No longer have to travel from the bank to the restaurant with a weeks' worth of tip out cash.

No longer acting like bank tellers, counting, enveloping, and distributing cash tip payouts at the close of every shift, eliminating errors associated with manual counting of cash at the end of each shift.

EMPLOYEE

No longer leave the restaurant with large amounts of cash on hand, which provides them greater safety and security.

Get paid - directly into their bank account - in seconds. Even on weekends. And holidays, too!

"It was so easy to set up and it is hard to imagine life before Kickfin®. It now takes me less than one minute to pay out tips, which is game-changing. My employees LOVE having cash in their own bank account seconds after they close out their shift and they feel so much safer leaving at night without large sums of cash in their pockets. Highly, highly recommended!"

AS SEEN IN

Forbes

"With Kickfin®, restaurants now have the ability to instantly payout both wages and tips directly to their bank account in real-time. This provides all of the certainty of cash with none of the hassle.

Employees can direct the money at the push of a button to any account they chose and Kickfin® simply sends a text message to the employees notifying them that they have been paid. This happens in seconds, 24/7/365."

Let's Get Started!

Getting set up on the platform is faster than one night of counting and distributing cash. We promise you are going to love it: **so much that the 1st month is on us!**
